MULTILINGUAL

Fluent in English & Portuguese

Committed to ensuring customer satisfaction, I've often been recognized for my mature approach despite my age. My experience as a voluntary police cadet has significantly contributed to my personal development. With a strong dedication to excellence and a perfectionist mindset, I am eager to bring my skills and enthusiasm to contribute effectively to your business.

WORK EXPERIENCE

2021 - CURRENT

Freelance Designer - Partnered with ANTARYS

Working as a freelance designer has given me the ability to work with a variety of different projects, seeing each one from start to finish. This has overall improved my design abilities including building accessible responsive layouts effectively under time constraints

2023 - 2024

Volunteer Police Cadet - Manchester Met

As an active Police Cadet, I continuously develop discipline, teamwork, and responsibility. Engaging in diverse scenarios sharpens my communication and problem-solving skills. Taking on leadership roles enhances my professionalism and reliability. Being part of the Police Cadets cultivates qualities essential for my future success.

2022 - 2023

Lead Designer - Newhouse Academy Magazine

By working at the Newhouse Academy Paper, I was tasked with creating the face of the school paper and ensuring the information in the paper was accessible. In the time I worked on the paper, I improved my designing skills and team working skills, along with improving my time management and accessibility knowledge. Not only was I responsible for designing the magazine, but I was also responsible for coordinating a team of 5 creative minds and ensuring as a team, we achieved strict deadlines.

2022 - 2023

Team designer - Static FM / Bounce Radio

While working at Bounce Radio, our strategy was to create a station, which we called STATIC FM, to focus on the music from the year 2000 and relight older songs, while still offering a range of new songs; the end goal was to create a responsive and easy to use web-app for tuning in and keeping listeners coming back.

2022 - 2022

UX Designer - Zuhlke Engineering

Whilst working at Zuhlke Engineering for work experience, I was assigned a project that enhanced my knowledge within the UX designer world and enhanced my design skills and accessibility knowledge, along with developing my team working skills and my soft skills. I then had to present my findings to the coordinator. I found this work experience a wealth of knowledge.

EDUCATION

2023 - PRESENT

Level 3 Extended Diploma in Graphic Design - TMC City Campus

2018 - 2023

GCSEs - Newhouse Academy

|English: Grade 5 | Maths: Grade 4|

Achieved highest score in Photography: Grade 9

|Other GCSEs from grades 4-9

Awarded Paul Bowyer Award in Computing. I was the first student in my school to be given this award.
